EDUCATION

Bachelor of Technology, Jawaharlal Institute of Technology, Borawan 2020 - 2024
Branch: Information Technology - 8.3CGPA

Senior Secondary, Govt Higher Secondary School, Dawana 2018 - 2020
MP Board 80%

EXPERIENCE

Software Engineering Intern oct 2022 - may 2023
Consultadd Inc *Remote*

- Enhanced user experiences and front-end functionality through React.js web application development.
- Gained exposure to Amazon Web Services (AWS) and its fundamental cloud services.

PROJECTS

Netflix Clone (Live) (Code)

- Web Application Development: Created a Netflix clone web app with a responsive UI using React, HTML, CSS, and JavaScript. Allows users to browse movies by category and watch trailers.
- API Integration: Integrated the TMDB API to fetch real-time movie data, dynamically populating the application with up-to-date movie information.

Personal Portfolio (Live) (Code)

- Created a responsive personal portfolio website with a clean, intuitive UI using HTML, CSS, JavaScript, and Bootstrap.
- Utilized Bootstrap to ensure optimal cross-device user experience, showcasing front-end web development expertise

SuperMarket Bill System (Live) (Code)

- Designed a Supermarket Billing System in C++ with file handling capabilities for seamless product management and data storage.

Coding Profiles [ashwin/coding-profiles](#)

SKILLS
