EDUCATION

Bachelor of Technology, Jawaharlal Institute of Technology,Borawan
Branch: Information Technology - 8.3 CGPA

Jun 2020 - Jun 2024

Senior Secondary,Govt Higher Secondary School, Dawana
MP Board 80%

2018 - 2020

EXPERIENCE

Software Engineering Intern
Consultadd Inc

Oct 2022 - May 2023
Remote

- Enhanced user experiences and front-end functionality through **React.js** web application development.
- Gained exposure to Amazon Web Services (AWS) and its fundamental cloud services.

PROJECTS

Moviezz Web App

[\(Live\)](#) [\(Code\)](#)

- Web Application Development: Created a Moviezz web app with a responsive UI using **React**, **HTML**, **CSS**, and **JavaScript**. Allows users to browse movies by category and watch trailers.
- API Integration: Integrated the **TMDB API** to fetch real-time movie data, dynamically populating the application with up-to-date movie information.

Personal Portfolio

[\(Live\)](#) [\(Code\)](#)

- Created a responsive personal portfolio website with a clean, intuitive UI using HTML, CSS, JavaScript, and Bootstrap.
- Utilized **Bootstrap** to ensure optimal cross-device user experience, showcasing front-end web development expertise

SuperMarket Bill System

[\(Live\)](#) [\(Code\)](#)

- Designed a Supermarket Billing System in C++ with file-handling capabilities for seamless product management and data storage.

SKILLS

Technical Language	C++, HTML, CSS, JavaScript, SQL
Framework/Library	React, Bootstrap.
Tools	Visual Studio Code, Github, Postman.
Coursework	DSA, OOPs, DBMS, Operating System.

CODING PROFILES

LeetCode	leetcode.com/ashwinDhangar
Github	github.com/MrAshwin2142
LinkedIN	linkedin.com/ashwin-dhangar

ACHIEVEMENTS

- Solved **650+** algorithmic problems on LeetCode and maintained a consistent coding streak of over 200 days.
- Earned a competitive contest rating of **1611(max)** and participated in 65+ coding contests.
- Achieved a **3-star** rating on CodeChef with an impressive rating of 1665, along with solving over 200 problems
